

WHO'S WHERE in Leadville's Evergreen Cemetery?

A photoduplication of the microfilm edition containing
the Foreword, instructions for use, table of
abbreviations, a sample page, key map, and thirteen
sectional maps

Compiled by the
Historical Research Cooperative

1981

This work is dedicated to the nameless residents of the
Evergreen Cemetery in Leadville, Colorado

FOREWORD

Background History

The first Leadville Cemetery and the present Lake County High School football field occupy the same general location at the western end of Chestnut Street. The Cemetery's perimeters extend past the point where the Rio Grande railroad crews laid track over a number of graves, when the line came into Leadville in 1880.

Interments were accepted in the new Evergreen Cemetery beginning in November of 1879. Over the following years, several people were moved from the Leadville Cemetery to the Evergreen Cemetery and the former was known as "the old cemetery".

St. Joseph's Cemetery was opened in the mid 1800's. Several people were moved from the Catholic section of the Evergreen Cemetery to the new Catholic Cemetery.

Sections

The Evergreen Cemetery contains the following twelve sections:

A.O.U.W. (Ancient Order of United Workmen)	Jewish
Catholic	K.P. (Knights of Pythias)
Catholic Free	Masonic
Elk's Rest	P.O.S.A. (Patriotic Order of Sons of America)
G.A.R. (Grand Army of the Republic)	Protestant
I.O.O.F. (International Order of Odd Fellows)	Protestant Free

Each of these sections is divided into it's own arrangement of Blocks and/or Lots and/or Graves. The alphabetical listing will give you the location, if known, and the maps at the end of the listing will acquaint you with the location area.

INFORMATION GIVEN

Each entry in the listing contains the following data, if known:

Date: Either when the entry was made in the Evergreen Cemetery Register or the date of death as taken from the tombstone or marker.

Name: Self explanatory.

Location: The combination of Block, Lot and/or Grave as used within the section where it is located. The section is then designated. **SEE COLUMN HEADINGS ON THE FIRST PAGE OF THE LISTING TO DETERMINE WHAT SEQUENCE THE NUMBERS WILL FOLLOW.** (Example: 15 5 10 AB indicates that the location is Block 15 Lot 5 Grave 10 of the A.O.U.W. Babyland)

Marked: If the gravesite is plainly marked by a tombstone or marker, an M is given. If the site is not plainly marked, an n/m is given. If a name was found on a map but was not found in the Register nor did it have a marker, it is assumed that either someone by that name bought the gravesite and isn't buried there or someone else is buried there that we cannot account for, then a m/o is used. If a name was found in the Register without a location, and it does not appear on a map nor was a marker found, an l/o (listing only) is used.

It must be understood that the designation "marked" can be misleading. There were times when a marker was obviously on the site but because it was not in a condition to be read, we were forced to indicate that the location was n/m. In other instances, we were able to read some extremely poor markers when, perhaps, you cannot. These were sited as being marked. You must also take into consideration that the elements and the vandals are entirely apt to change the status of any location at any given moment. What is standing in place and legible during the spring and summer of 1981 may or may not be the same thereafter. And last, but not least, new markers may be placed by thoughtful relatives or friends which would then change the site from n/m to M.

Comments: This column contains notations of moves into or out of the Cemetery, possible-spelling variations as they appear in various sources, aliases, drastic age variations as noted in our sources, and other conflicting and/or helpful information.

The original G.A.R. section consisted only of Block 23 of the Protestant area. Other groups purchased a Lot or Lots for their specific use, as follows:

Caledonian Club: Block 21 – Lot 1 Protestant
Chrysolite Mine: Block 26 – Lots 4, 5, 54, and 55 Protestant
City of Leadville: Block 12 – Lot 5 Protestant
Congregational Church: Block C – Lot 8 P.O.S.A.
Dunkin Mining Company: Block 26 – Lot west ½ Protestant
Firemen: Block 15 – Lot 1 Protestant
Homestake Mine: Block 25 – Lot 4 Protestant
LaPlata Smelter: Block 4 and the east ½ of Lot 5 Protestant
Musicians: Block 22 – Lots 4 and 5 Protestant
Pacific Coast Ass'n.: Block 9 – Lot 8 Protestant
Theatrical: Block 3A – Lot 4 Catholic
Y.M.C.A.: Block 29 – Lot 38 Protestant

For you to use this listing to the fullest advantage, you should be aware of some of the difficulties encountered in preparing this.

Handwriting: The basic material was taken from the original Evergreen Cemetery Registers and the mortuary records. The handwritten entries were, at best legible. And, at their worst they were totally indecipherable.

Spelling: Entries in the Registers, maps and records were often spelled either in the most common form or as the name sounded to the author of the entry. Fortunately, many of the errors in spelling and interpreting handwriting have been corrected when tombstones were found. Unfortunately, about two-thirds of the people buried in Evergreen Cemetery do not have a tombstone and so we have no way of verifying correct spellings for their names.

Incomplete entries: If an entry in the Register indicated a Block, Lot and Grave in a Free section but does not indicate whether the Free section was Catholic or Protestant, only "Free" is given in this listing. If an entry did not give a location of the gravesite, the name was not entered onto a map, or a tombstone or marker was found during the stone-by-stone search of the cemetery, there is no way to determine the location of that person's burial site.

Guestimates: It appears that ages were frequently estimated by the authors of the Cemetery Register. Dates given were seldom the date of death and were occasionally days, weeks and even months following interment. Discrepancies between maps caused some confusion in accurate location descriptions. Often correct names and/or locations have been questioned by the authors of the Register.

Due to the aforementioned problems, and numerous others, we cannot assure you that the data contained herein is accurate. The volunteers who prepared this aid have done so with dedication and a fervent desire to do the best job possible, but they cannot vouch for second-hand facts and, therefore, are not responsible for any error found within this listing.

THANKS

We would like to thank Alan And Annette Hertz, owners of Hertz Mortuary, Leadville. This invaluable research aid would never have been possible without their cooperation, patience and good humor. We also thank Public Service Company for providing copies of this material.
